### Employees of the office:

Daniele Gigni

Elisabetta Dilda

Silvia Gagliardi

Costanza Polloni

Elena Zigliani

National Civic Service Volunteer

[Italian version](#) [4]

The Projects and Resources Office was born from the necessity of the Administration to obtain regional, national and European grants. The office cooperates with all the Sectors of the Municipality and supports the creation of local, European and international partnerships to participate to several calls for proposals.

The office has the following functions:

- search and dissemination of information concerning the open calls for proposals and the possibilities to join a partnership;
- support to the presentation of project ideas for different calls for proposals; establishment of territorial partnerships;

- assistance for managing and accounting projects; keeping contacts and establishing relationships with the Financing Institutions;
- constant updating of the database containing information about all the Municipality's projects;
- training sessions for the municipality's employees about the project cycle management;
- disseminating information and raising awareness about regulations, policies and programs of the European Union;
- translation, interpretation and language teaching for volunteers of the national civic service and of the European Voluntary Service
